

SALVATION ARMY NEEDS \$1,000,000 FOR WAR WORK

From February 12 to February 22, the birthday dates of our country's foremost heroes, the war service of the Salvation Army will make a nation-wide drive for \$1,000,000, the amount needed to continue the work of the "army" in France and at home, it was announced today. Washington's share of the fund will be \$50,000.

Already the war service section of the Salvation Army has used \$1,000,000 as its bit for the preservation of democracy. The new fund is an immediate necessity for the successful conclusion of the work so well begun, and already so popular with the American soldier.

TEN DAYS' CAMPAIGN.

The war work committee of the Salvation Army, with headquarters in Philadelphia, has begun work on a large scale for the pushing of the ten days' campaign to raise the new million. B. M. Dawson, of Philadelphia, is in Washington today organizing the local committee, which will supervise the drive for the local quota of \$50,000.

With the new million the Salvation Army intends to provide more than fifty centers in France and in other countries by the end of the month.

The Salvation Army work is just a little different, in some respects, from the welfare work being done among our soldiers. For instance, a worker has been designated to take charge of the soldiers who for infractions of discipline are confined in the guard house. He rides about in a motorcar, sideswipes with a soldier driver and persuades "bad" soldiers to stay out of the guard house in the future.

WORKERS PRAISED.

Congressman George Holden Tinkham, of Massachusetts, a member of the District of Columbia Committee, recently returned from France, praises the work of the Salvation Army in the highest terms in a letter to Col. Adam Gifford, of the Salvation Army in Boston.

Congressman Tinkham writes:

"I desire to write you in highest commendation of the work the Salvation Army is doing in France. During last November I was behind the French and English fronts, and unless one has been there, he cannot realize the assistance to spirit and courage given to the soldiers by the 'hut' service of the Salvation Army."

The only particular in which the Salvation Army fell short was that there was no sufficient huts for the men of the troops. The huts I saw were crowded.

"Behind the British front I heard several officers state that the service of the Salvation Army was somewhat different from other services of the same kind, but most effective."
